How to Complete Your Blood Draw

5 DAYS

5 Days Before Your Blood Draw

- Do not take GLP-1 weight loss medications (e.g. Ozempic®, others)

24 HOURS

24 Hours Before Your Blood Draw

- Do not take narcotic pain medications and over-the-counter dietary fiber supplements (e.g. Metamucil®, others)
- Do not take prescriptions to prevent bile buildup (e.g. Prevalite®, Questran®, Cholestid®, Welchol®)

MORNING

The Morning of Your Blood Draw

- Fast for at least 5 hours (water is OK)
- Do not take daily medications until after the blood draw.
- Resume daily medications AFTER completing the draw.
